

GEMS products can be ordered online, by phone, or by fax. To order online, simply visit <http://lhsgems.org> and click on “Shop” at the top of the page. To order by phone, please call (510) 642-7771 weekdays between 9 AM and 5 PM, Pacific Standard time. We accept Visa, Discover, or MasterCard. Please allow up to 3 weeks for delivery—or call us to request express services. We do accept school purchase orders; please include the FEIN # for your school or district. For air shipments or for overseas orders, please contact us for freight pricing.

GROUND SHIPPING RATES IN THE USA:

\$ 0 to \$15.99 = \$5.50 ground / \$13.00 air
 \$16 to \$29.99 = \$6.50 ground / \$13.00 air
 \$30 to \$50.99 = \$7.50 ground / \$16.00 air
 \$51 to \$70.99 = \$8.50 ground / \$19.00 air
 \$71 to \$118.99 = \$9.50 ground / \$21.00 air
 \$119 up = add 8% to subtotal

California residents add applicable sales tax.
 For shipping to Hawaii or Alaska, please specify surface or air UPS. For surface, use the rates shown. For air, call for rates. For foreign orders, please choose surface or air and call for rates. Include credit card number and expiration date for payment.

Order forms can be printed from our Web site at:
<http://lhsgems.org/orderform.html> or order online.

Great Explorations in Math and Science
GEMS[®]
Publications Catalog

Science Titles **Price**

Acid Rain (Grades 6–8)	\$23.00
Animal Defenses (Grades PreK–K)	\$15.00
Ant Homes Under the Ground (Grades PreK–1)	\$20.00
Aquatic Habitats (Grades 2–6)	\$23.00
Bubble Festival (Grades K–6)	\$23.00
Bubble-ology (Grades 5–8)	\$15.00
Buzzing a Hive (Grades K–3)	\$20.00
Chemical Reactions (Grades 6–8)	\$10.00
Color Analyzers (Grades 5–8)	\$23.00
Convection (Grades 6–8)	\$15.00
Crime Lab Chemistry (Grades 4–8)	\$18.00
Discovering Density (Grades 6–8)	\$18.00
Dry Ice Investigations (Grades 6–8)	\$23.00
Earth, Moon, and Stars (Grades 5–8)	\$18.00
Eggs Eggs Everywhere (Grades PreK–1)	\$18.00
Electric Circuits (Grades 3–6)	\$28.00
Elephants and Their Young (Grades PreK–1)	\$26.00
Environmental Detectives (Grades 5–8)	\$28.00
Experimenting with Model Rockets (Grades 6–8)	\$18.00
Fingerprinting (Grades 4–8)	\$15.00
Global Warming (Grades 7–8)	\$30.00
Hide a Butterfly (Grades PreK–K)	\$12.00
Hot Water and Warm Homes (Grades 4–8)	\$20.00
Investigating Artifacts (Grades K–6)	\$20.00
Invisible Universe (Grades 6–8)	\$23.00
Involving Dissolving (Grades 1–3)	\$15.00
Ladybugs (Grades PreK–1)	\$20.00
Learning About Learning (Grades 6–8)	\$28.00
Life Through Time (Grades 5–8)	\$35.00
Liquid Explorations (Grades 1–3)	\$15.00
Living with a Star (Grades 6–8)	\$31.00
Matter: Solids, Liquids, and Gases (Grades 1–3)	\$18.00
Messages from Space (Grades 5–8)	\$23.00
Microscopic Explorations (Grades 4–8)	\$23.00
Moons of Jupiter (Grades 4–8)	\$20.00

Science Titles **Price**

More Than Magnifiers (Grades 6–8)	\$12.00
Mother Opossum and Her Babies (PreK–1)	\$20.00
Mystery Festival (Grades 2–8)	\$28.00
Ocean Currents (Grades 5–8)	\$26.00
Of Cabbages and Chemistry (Grades 4–8)	\$15.00
On Sandy Shores (Grades 2–4)	\$23.00
Only One Ocean (Grades 5–8)	\$26.00
Oobleck: What Do Scientists Do? (Grades 4–8)	\$15.00
Paper Towel Testing (Grades 5–8)	\$12.00
Padres Participantes (All Grades)	\$23.00
Parent Partners (All Grades)	\$23.00
Penguins and Their Young (Grades PreK–1)	\$26.00
Plate Tectonics (Grades 6–8)	\$26.00
The Real Reasons for Seasons (Grades 6–8)	\$28.00
River Cutters (Grades 6–8)	\$20.00
Schoolyard Ecology (Grades 3–6)	\$20.00
Secret Formulas (Grades 1–3)	\$18.00
Sifting Through Science (Grades K–2)	\$18.00
Spark Your Child’s Success in Math and Science (All Grades)	\$17.00
Stories in Stone (Grades 4–8)	\$20.00
Terrarium Habitats (Grades K–6)	\$15.00
Tree Homes (Grades PreK–1)	\$20.00

Math Titles **Price**

Algebraic Reasoning (Grades 3–5)	\$20.00
Build It! Festival (Grades K–6)	\$28.00
Early Adventures in Algebra (Grades 1–2)	\$18.00
Frog Math (Grades K–3)	\$15.00
Group Solutions (Grades K–4)	\$28.00
Group Solutions, Too! (Grades K–4)	\$28.00
In All Probability (Grades 3–5)	\$23.00
Math Around the World (Grades 5–8)	\$28.00
Math on the Menu (Grades 3–5)	\$20.00
Treasure Boxes (Grades K–3)	\$20.00

- *teacher tested*
- *affordable*
- *standards based*
- *no science background required*
- *use stand-alone or sequence units*
- *assessment ideas and science background included*

GREAT EXPLORATIONS IN MATH AND SCIENCE (GEMS)

GEMS is a leading resource for innovative science and mathematics education. **GEMS** publishes over 70 teacher’s guides and handbooks offering a wide range of learning experiences for preschool–8th grade. **GEMS** activities engage students in direct experience and experimentation to introduce essential, standards-based principles and concepts. Clear, step-by-step instructions enable all teachers to be successful with the activities. **GEMS** units offer effective, practical, economical, and schedule-friendly ways to provide high-quality science and math learning to all students.

- See the **GEMS math titles** online at <http://lhsgems.org/gemsguidetopic.html>
- You can order **GEMS Kits**[®]—full **GEMS** units with complete materials kits—from Carolina Curriculum. See them online at <http://www.carolinacurriculum.com/GEMS/>
- Learn about **professional development** opportunities and the **GEMS Network** of sites and centers at <http://lhsgems.org/gemsworkshops.html>
- New **GEMS** initiatives, including **GEMS AfterSchool Kidz Science**, **GEMS Curriculum Sequences** (Space Science Sequence units for grades 3–5 and 6–8 available now), and **Seeds of Science/Roots of Reading**[®] are all described in detail on the **GEMS** Web site at <http://lhsgems.org/>

GEMS is a program of the Lawrence Hall of Science, the public science education center at the University of California at Berkeley.

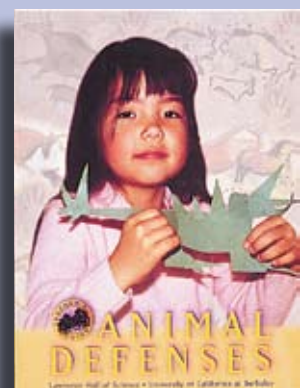

Supplementary Curriculum for Preschool–Grade 8

GEMS Setting Standards for Excellence in Education

 University of California,
 Berkeley

Science for Young Children

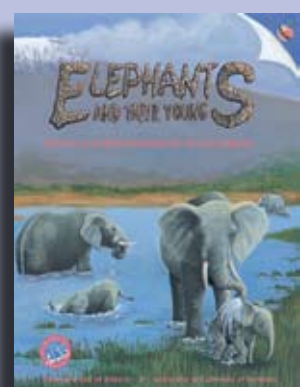

Animal Defenses

Beginning with an imaginary defenseless animal, this highly visual unit teaches children about defensive adaptations in the animal world.

Preschool–K; 2 Sessions, 40 pages

\$15

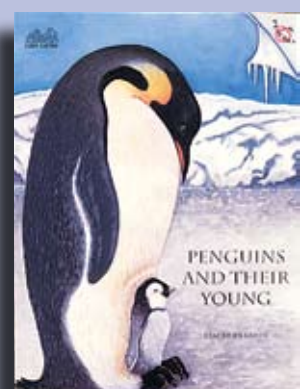

Elephants and Their Young

With art, drama, and role-play, young children learn all about the African elephant's unique body structure and fascinating social behaviors.

Preschool–1; 4 Activities, 112 pages

\$26

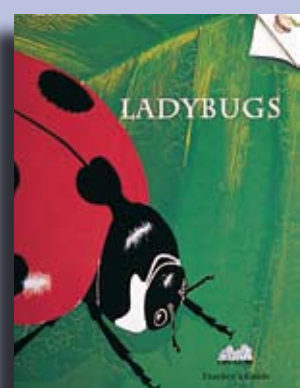

Penguins and Their Young

With role-play, drama, and multisensory games, children learn about the adaptations and environment of the emperor penguin.

Preschool–1; 4 Activities, 80 pages

\$26

Includes life-size penguin poster!

Ladybugs

Use the charm of ladybugs to present key science and math concepts relating to animal adaptation, ecology, and interdependence.

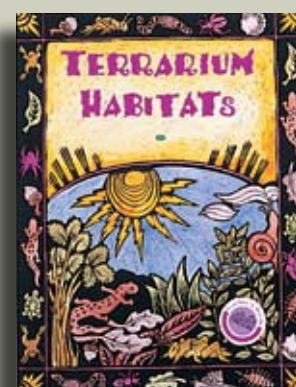

Preschool–1; 5 Activities, 96 pages

\$20

See GEMS Math titles listed on back and online.

See more titles, detailed descriptions, and order at <http://lhsgems.org>

Science for Grades K–5

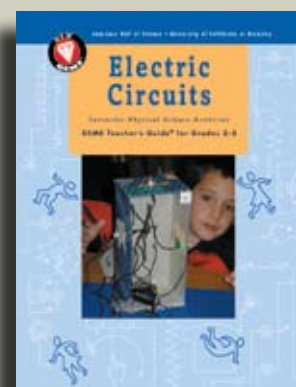

Terrarium Habitats

These activities bring the natural world into your classroom and deepen children's understanding of and connection to all living things.

K–6; 5 Activities, 92 pages

\$15

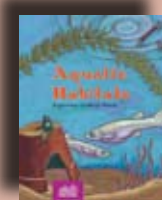

Electric Circuits

This flexible unit opens with conductors, insulators, and simple closed circuits; these sessions combine to serve as a basic electricity unit.

Grades 3–6; 11 Sessions, 264 pages

\$28

Aquatic Habitats

Grades 2–6; 5 Activities, 136 pages

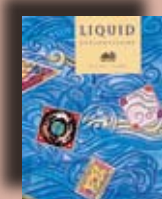

\$23

Investigating Artifacts

Grades K–6; 6 Sessions, 120 pages

\$20

Liquid Explorations

Grades 1–3; 5 Activities, 80 pages

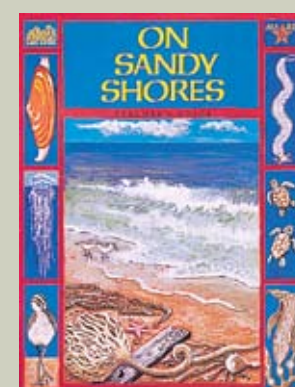

\$15

On Sandy Shores

These marine activities allow students to deepen their understanding of sand, animals, biological and ecological interactions, and personal responsibility for the environment.

Grades 2–4; 5 Activities, 212 pages

\$23

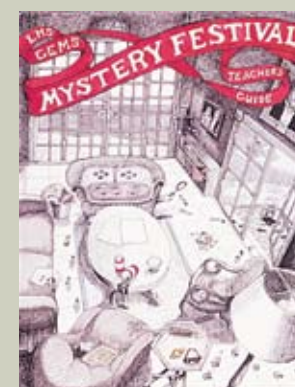

Mystery Festival

This extremely popular forensic science unit features compelling mysteries, one for younger and one for older children.

Grades 2–8; 10 Sessions, 268 pages

\$28

Matter: Solids, Liquids, and Gases

Grades 1–3; 5 Activities, 128 pages

\$18

Secret Formulas

Grades 1–3; 9 Sessions, 160 pages

\$18

Learn more!

Read detailed descriptions of each unit. See our full publications list on the back of this brochure and online at <http://lhsgems.org>

All GEMS publications can be ordered online at <http://lhsgems.org>
Or order by phone at (510) 642-7771. School POs gladly accepted!

Middle School Science

Microscopic Explorations

Students expand their understanding of science, research, and how microscopic and related techniques contribute to diverse fields.

Grades 4–8; 10 Learning Stations, 168 pages

\$23

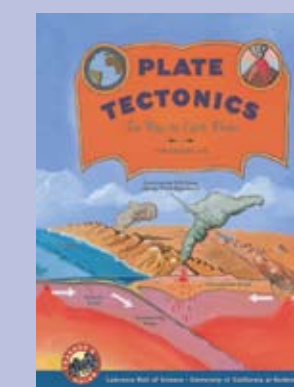

Plate Tectonics

These groundbreaking earth-science activities reveal the dynamic nature of Earth's crust.

Grades 6–8; 8 Sessions, 224 pages

\$26

The Real Reasons for Seasons

Sponsored by NASA and developed to help students overcome misconceptions about causes of the seasons.

Grades 6–8; 8 Activities, 140 pages

\$28

Includes CD-ROM!

Environmental Detectives

In this unit, students learn of the interconnectedness of the natural world and the complexity of many environmental problems.

Grades 5–8; 8 Activities, 264 pages

\$28

Chemical Reactions

Grades 6–8; 2 Sessions, 40 pages

\$10

Dry Ice Investigations

Grades 6–8; 4 Activities, 212 pages

\$23

Global Warming

Grades 7–8; 8 Sessions, 184 pages

\$30

Life Through Time

Grades 5–8; 7 Sessions, 358 pages

\$35

Oobleck: What Do Scientists Do?

Grades 4–8;

6 Activities (2 optional), 102 pages

\$15

Recognized as a "promising program" by U.S. Department of Education
